

A Manifesto

What Drives Me?

The belief that everyone deserves to have a fulfilling sex life.

The belief that everyone deserves to feel safe and make informed decisions about what they want and what they don't.

The belief that everyone deserves to feel like they know how to have their needs met.

What am I doing?

Breaking apart the assumptions and expectations that ruin sex lives and replacing them with the information and tools of communications necessary to live healthy and fulfilling sex lives.

Where am I headed?

A world where people can speak about sex as comfortably as they speak about breakfast.
